Promotions & Rewards

Free Bet Information

What are free bets?

Free bets are bonuses that you can use to place a bet in part or full, up to the total value of the free bet bonus you have been awarded.

How can I earn/claim them?

You earn free bets through promotions, either by us choosing you as a lucky customer to be awarded one (in which case we will notify you by the email you registered on your account) or through joining up to and qualifying for promotions. In order to view what promotions we currently have available, view the promotions page which can be accessed from the left-hand menu on the Home Page.

Please make sure you claim your free bet from the promotions page, otherwise you won't be able to use it!

Why haven't I received my free bet?

Please make sure you are opted into a promotion and have fulfilled the criteria to be awarded your free bet if you are missing any and wish to get in touch. You can do this by visiting the promotion page (which can be accessed from the left-hand menu on the Home Page) and clicking on each promotion you wanted to take part in and reading the terms.

How do I know if I have been awarded them?

On desktop/browser you can check your free bet balance on the Home Page, in the top right corner, next to your cash balance. Make sure you are logged in by checking the top right-hand corner of the website or in the top right corner of the mobile app.

How do I know what I can use my free bets on?

Once you have located your bets, you can either select the arrow next to them if you are on desktop/browser and select 'View Details' underneath 'Sports Bonus' from the resultant drop down. Or if you are using the mobile app, you can press the person icon in the top right and then, from the menu you are presented with select 'Active Free Bets' from under the 'Promotions & Rewards' section.

On both types of device you will then be presented with the list of free bets awarded. Each type of free bet has it's own tile with a 'View Bonus/ T&Cs' button underneath the big 'Bet Here' button (which takes you to markets to use your free bets on).

Once you click on this, you can view all the terms for those bets, including what markets you can use them on if there are any restrictions.

How do I use my free bets?

You can place your free bet by following these simple steps:

- Step 1: Click on your bet selection and open your betslip in the right-hand corner of your screen. For more information on how to place a bet, read our article [here](#).
- Step 2: If your selections are eligible for the free bet you received the 'Use available bonus' option is presented, tap the 'Toggle' to enable use of your free bet.
- Step 3: Confirm your selections and use your free bet by tapping 'Place bets'.

Note: If the total stake is higher than your available bonus balance, the remaining funds will be taken from your main cash balance where possible.

Please also note that, if you have multiple types of free bets, we will automatically select the one that is most relevant to your bet based on the order in which it was awarded. For example, if you are awarded a free bet that can be used on any market first and a Horse Racing only free bet after and you want to place a free bet on a Horse Race, we will take the unrestricted free bet first. Please be aware of this when deciding which order to place your bets and how to use your free bet balance.

How do I know how much of my free bet balances I have used/remaining?

When you are presented with the list of free bets that you have been awarded, there is a gauge in the middle section which fills up as you use your bets. This shows you how much you have used of a particular free bet type.

Do free bets have an expiry date?

Some free bets do have an expiry date which can be viewed in the free bet terms. To view these terms, you can either select the arrow next to the bet if you are on desktop/browser and select 'View Details' underneath 'Sports Bonus' from the resultant drop down. Or if you are using the mobile app, you can press the person icon in the top right and then, from the menu you are presented with select 'Active Free Bets' from under the 'Promotions & Rewards' section.

- A customer's first ever placed bet will be counted as the qualifying bet.
- The stake can be placed on any sportsbook bet (football, horse racing, golf, etc.).

Does the offer expire?

Yes, the offer will expire if you do not place a qualifying bet within 30 days of account opening.

How does this work if I place an each way bet in Horse Racing?

We will refund up to £5 or €10 in cash. If you bet each-way, this is two bets in one. For example, if you back a horse £5 each-way. You are placing £5 to win and £5 to place or £10 in total. If your selection wins, both parts of your bet will win (win and place) and you will not be due money back. If your horse places, you will receive winnings for the place part of your bet and the £5 bet on the win market will be refunded in cash as £5. If the horse does not win and finishes outside of the places outlined you will be refunded £10 as both parts of the bets will be lost.

What if my selection is a 'non-runner'?

- If you end up backing a non-runner then your bet will be considered void and your stake will be returned.
- If you have only backed one horse you will then be able to place another bet which will be eligible for this promotion. If you have already placed a second bet then this will be taken as your first bet and apply to the promotion.

Can I use a free bet as a stake?

As we are refunding cash, any free bet stakes used will not count. Only payments made via debit card will be accepted for refund.

What happens if I cash out my bet?

If you cash out your bet before the race, much as is the case in the event of a non-runner, your next bet will be eligible for the refund instead.

When will I receive my money back?

All money back will be credited within 1 hour. However, we will aim to refund your money back sooner if we can. Keep an eye on your balance as it should be applied automatically. You may need to refresh it though, using the round arrow, before getting in touch:

What is the maximum stake?

Normal staking rules apply, however, the maximum refund you will receive if your horse is settled as a loser will be €10 or £10.

What else do I need to know?

- Sign up offers are limited to one per person, family, household address, email address, and shared computer. We reserve the right to withdraw the availability of free bet offers to any customers.

- The full terms and conditions of Paddypower.com also apply to this offer.

One Leg of my Accumulator let me down - Acca Special

What is an Accumulator bet?

One of the most popular football bets is an accumulator, also known as an 'acca', which combines bets from multiple games into one bet to create a bigger payout. This is done by multiplying the odds together of each individual selection and allows the player to bet on every outcome happening in a single bet.

What is the Acca Special?

There are very few things in life that are more frustrating than narrowly missing out on your accumulator, although it does give you another anecdote to tell.

Paddy Power's Acca Special will refund all customers whose accumulators are let down by just a single selection. If seven of your eight picks are successful, your stake will be returned as a free bet within 24 hours. This enables you to have another go if you so wish.

With Paddy Power, multiple bets that feature four or more selections will be refunded up to £10 which will offer some sort of consolation. There is also a special Acca page which features a comprehensive list of all of the eligible matches. This can be found after you have selected the sport, in the tab menu at the top of the football section of the website.

This makes it easy to browse your favorite leagues and competitions and add them to your weekend or midweek coupon.

Just make sure you have met all the criteria before placing your bet, by reading the terms and conditions.

How does Acca Special work?

It couldn't be easier to take advantage of Paddy Power's Acca Special. Simply head to the football section of the website or use the app to browse this weekend's key fixtures from Europe's top leagues.

The dedicated coupon page will have a full list of games and by scrolling down to Acca Special, you'll be able to see which matches will help you net that all-important refund. Rest assured, all leagues are included, including the Premier League, Championship, League One, League Two and all of the Scottish leagues. Furthermore, European football-boffins will also be delighted that the offer extends to the Bundesliga, Serie A, La Liga and Ligue 1. If you're having a midweek wager, Champions League and Europa League bets are also covered by Acca Special.

Simply assemble your acca by adding each of the selections to the betting slip. Once you're happy with your picks, it's time to place your bet. If you have opted for four or more selections and you've stuck to the eligible competitions – you're ready to go!

Once you've placed your bet, it's simply a case of sitting back and waiting to see if Jeff Stelling has news of a goal in any of your chosen games. If you only manage five out of six winners on Saturday afternoon or perhaps you're on the wrong end of a heartbreaking last-gasp equalizer in midweek, your stake will be refunded in full (up to £10) and credited to your Paddy Power account within 24 hours.

Example:

1. You've picked out five matches from the Premier League
2. Your £10 Acca is placed with Liverpool, Manchester United, Leicester, Chelsea and Arsenal all predicted to win
3. The first four teams each pick up three points from their respective games
4. Arsenal go 1-0 up before surrendering the lead and can only draw 1-1
5. Paddy Power refund your Acca and a £10 free bet is credited to your account

It'll probably mean that you'll have to go through the whole process again the following week, but at least you'll have a free bet waiting for you. This will be valid for up to seven days.

If you're lucky enough to land a full house, there will be absolutely no need to rely upon our Acca Special offer!

Things to check!

Make sure you don't miss out on the promotion by missing the terms and conditions. These can vary by each promotion, so take a couple of minutes and read the terms and conditions on the promotions page to ensure your bet qualifies for the offer! You can see all your promotions by navigating to the promotions page here and click the 'More' button on the promotion you are interested in, to see the terms and conditions.

Some common mistakes are:

- Placing a bet with one or more selection below the minimum odds of the promotion terms.
- Placing your bet by using a free bet stake when this is not included in the terms.
- Placing a bet on a market that is not eligible under the terms (e.g. an in-play market instead of pre-match).

Is there Acca Special for Bet Builder?

Luckily Paddy Power's Acca Special is now also available on Bet Builder bets. If just one of your selections fails to land, you'll still be eligible for a refund. You must choose four or more match events in order to qualify for this offer.

What is Bet Builder?

Bet Builder allows punters to place multiple selections on a single game. If you're in an ambitious mood, It is possible to combine up to 20 selections in the same contest with markets such as first goalscorer, player shown a card, total match corners and both teams to score all proving very popular with Bet Builder backers.

The Bet Builder tab can be found at the top of a match page and it is extremely easy to locate. Once you've clicked this, you'll be able to see all of the available markets. You can add each of these to your betting slip until you are wholly satisfied with your selections.

Choose your stake and click 'Place Bet', then simply sit back and watch the events unfold.

Example:

1. You're placing a bet on the Swansea vs Cardiff match in the Championship
2. You select Bet Builder
3. You opt for – Swansea Win, Under 3.5 Goals, Joel Piroe to Score Anytime, Over 10 Corners and Under 60 Booking Points

4. It ends 1-0 to the Swans with 12 corners and just a single yellow card. Unfortunately, the Dutch striker isn't able to find the back of the net and your Bet Builder falls short by just a single selection
5. As a result, your stake will be fully refunded by Paddy Power.

How does Acca Special work on Bet Builder?

In much the same way as a standard acca, if just one of your chosen match events fails to materialize, you'll have your stake refunded within 24 hours. It is always incredibly frustrating to come so tantalizingly close to profit, however, you'll still be compensated by Paddy Power for hitting the woodwork on this occasion.

This makes it easy to browse your favorite leagues and competitions and add them to your weekend or midweek coupon.

Just make sure you have met all the criteria before placing your bet, by reading the terms and conditions (see more things to check above).

If you're settling down to watch the match on TV or if you're sitting in the stands shouting mild expletives in the direction of the match officials, you'll be able to follow the progress of your Bet Builder bet and can tick them off as you go along.

The Bet Builder Acca Special applies to all leagues and top competitions, including the Premier League, Championship, Champions League and Europa League.

If every single one of your chosen match events is successful, you won't need to rely on Acca Special and you can concentrate on packing your bags for that all-inclusive two-week getaway.
